

COMMODITY MAVERICKS

Commodity Sourcing & Marketing Specialists

COMMODITY MAVERICKS (PTY) LTD

is a premier minerals trading and consulting company. We provide expert sourcing and marketing solutions for the minerals, metals, ferroalloys, and energy industries.

Our comprehensive services include: product sourcing, logistics execution, technical support, and market access to new producers and/or existing miners. We offer expertise every step of the way, enabling business opportunities and minimising risk as we take raw materials from mine to market.

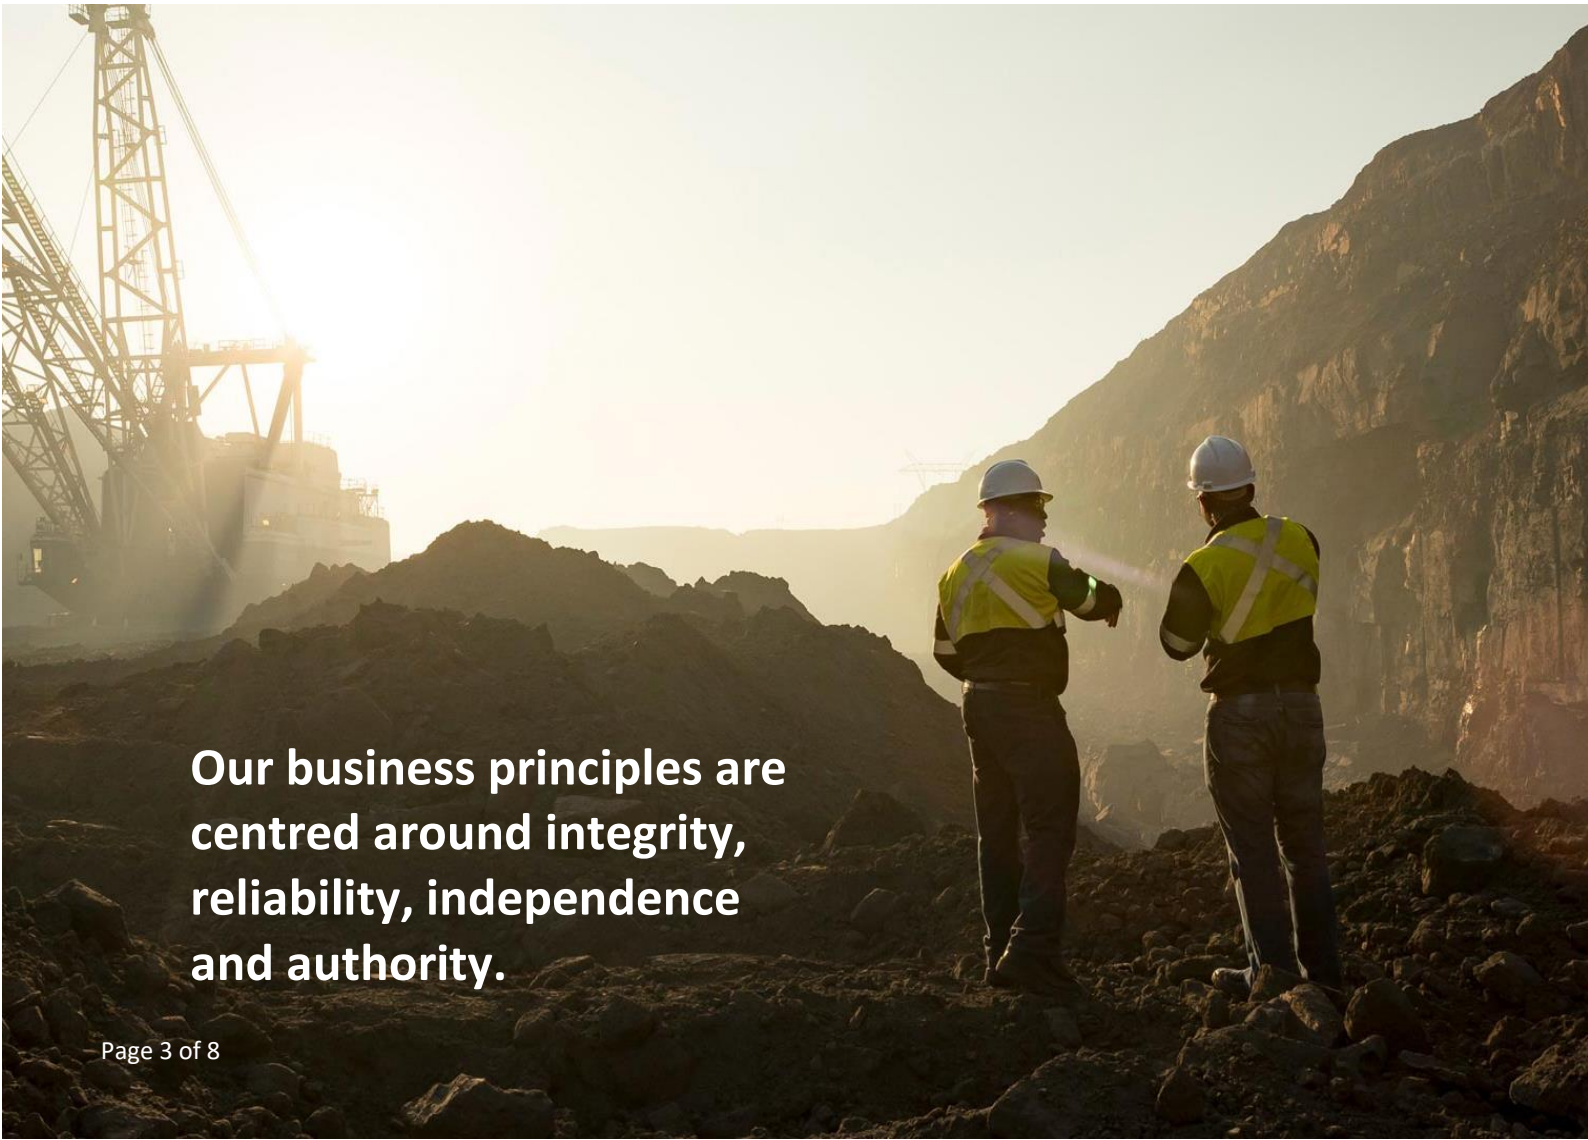

We provide safe transacting and safe investment opportunities, with stringent risk mitigation protocols to safeguard our clients, products and equity.

Along with our comprehensive market knowledge, we have established a support framework of industry professionals and risk management systems, laying the groundwork for successful operations.

We assist clients in identifying options that optimise benefit and reduce risk. We add value to transactions ensuring that projects/ materials' delivery are executed in a safe and timely

manner within regulatory frameworks. We move raw materials from mines to the market, we provide expertise at every stage to enable commercial opportunities while mitigating risk.

Commodity Mavericks represents your interests as your agent. We collaborate directly with producers/ buyers and offer advice on commercial tactics and pricing based on our vast knowledge of the products and consumer markets.

**Our business principles are
centred around integrity,
reliability, independence
and authority.**

SERVICES

We manage all components of the supply chain from producer to consumer. We specialise in bringing expertise and resources to create supply chains that link legitimate producers with legitimate off-takers. We implement Responsible Supply Chain sourcing practices, while striving to make tangible and positive long-term impacts for our clients.
